

Ultrasonic Lace Sewing M/C (wide roller)

KS-200A

Features

- Multi-functions! to cut, weld, seal, spot, slit, form, hole, emboss, all done in one process.
- With 20 KHz ultrasonic auto-tuning system, using voltage control oscillation, no need to adjust frequency.
- Frequency counter can be shown the frequency change during processing, easy to check the M/C condition. Afterservice is simple.
- Using air condition to cool down the horn & transucer, thus prolong the lifetime of Ultrasonic system.
- Overload protect design to avoid the fault operation.

Specification

Specifications:

MODEL NO.	KS-200A	KS-200A ARCH
OUTPUT POWER	2000 W	2000 W
FREQUENCY	20 KHz	20 KHz
MOTOR SPEED	0-9 m/min	0-9 m/min
WELDING WIDTH	200 mm	200 mm
ALTERNATIVE ROLLER	200mm wide	200mm wide
LINE SOURCE 60/50 HZ	1P 220V 10A	1P 220V 10A
WORKING TABLE (MM)	W1200×L600	W1800×L600
AIR SOURCE	7Kg/cm ²	7Kg/cm ²
NET WEIGHT	250Kg	400Kg
DIMENSIONS (MM)	W1400×L600×H1400	W2000×L650×H1400
THICKNESS OF MATERIAL	0.03-0.5 mm	0.03-0.5 mm

⊕ NO NOTIFICATION FOR DESIGN CHANGES.
